**Beeja Mantra** - Beeja mantras represent the essence of the Guru Mantra. They are the vibrations, and represent the "call" of the soul. The word "Beej" means a seed and a seed mantra is generally of one syllable, it is also known as the root mantra. A seed letter is known as a Beej-akshara. The concept behind the Beej mantra is that, when a seed is sown it grows into a fruitful tree. In the same manner, the pronunciation of a Beej mantra produces powerful effects called Shakti. Its effects develop more profoundly in deep meditation. As it works at the astral level, Beej Mantra guides and influences the course of our destiny.
